

## **Thesis (PHD) Evaluation Form**

It is the coordinator/student's responsibility to distribute this form along with their thesis to each member evaluator of the thesis. After the evaluation the form should be submitted to the PhD director by email. (Prof. Beniamino Cenci Goga  
Dipartimento di Medicina Veterinaria, via San Costanzo 4, 06124 Perugia Italy. Tel + 39 075 5857929; email [beniamino.cencigoga@unipg.it](mailto:beniamino.cencigoga@unipg.it))

**Student's Name: Giulia Maggi**

**Degree: PhD TITLE OF THESIS/DISSERTATION:  
Interventional Endoscopy: Diagnostic and Therapeutic Applications**

**Rating range A-D (ex.A = excellent B = good C = sufficient)**

Category	Rating	Comments
Research Questions/Set-up	A	The aims of the study are well presented and clearly described
Literature Review	A	The pertinent literature was thoroughly reviewed
Methodology	A	The methods of the study are clearly presented and described
Analysis/Presentation of Results	A	The results of the study are well presented and thoroughly analyzed
Discussion/Implications	B	The discussion of the results is appropriate and offers new insights in the treated topics. A conclusive and combined discussion of the three different presented studies would have been recommended and appreciated
Quality of Writing	A	Ideas expressed with very good clarity, logic, and conciseness
<b>Overall Rating</b>	A	The work done is excellent and offers new insights on the use of interventional endoscopy for the diagnosis and treatment of canine airway disorders
